Work 20% faster and put money in your pocket! Chinker's Edge can save you up to 20% in labor costs. The chart below shows you how Chinker's Edge will save you in labor costs, and give you more time for the things you enjoy most.

Number of hours worked in a week	Hours saved when working 20% faster with Chinker's Edge
50	12

12 hours of labor cost saved, and 12 hours added to your work week. Time really is money when you use Chinker's Edge.

The exceptional performance you expect coupled with time and labor savings gives you the edge, Chinker's Edge.

- **Excellent Adhesion & Elongation** 250% elongation at break.
- **Application and Tooling** Chinker's Edge is fast and easy! You'll benefit from fast application and excellent tooling characteristics, it stays in place and spreads effortlessly, with no mess. Chinker's Edge won't slump and adheres beautifully to logs or slab siding.
- **Clean-up** Clean up is a snap! Chinker's Edge is a water-based chink that requires little or no water to tool effectively, therefore, the result is a neat surface and minimal clean-up.
- **Easy Tooling** Chinker's Edge is easy to use so it saves you time, energy, and money
- **Honest Volumes** 5-gallons of product in every pail
- **Field Tested Product Performance** We take time and pride in testing our products to ensure high quality and customer satisfaction

What do other professionals say about Chinker's Edge?

"Chinker's Edge cleans up better and used half the water. It didn't stick in nooks and crannies and cleans up with a sponge. My crew was 25% faster when tooling Chinker's Edge."
Reuben Toavs, Fort Northwest Log Restoration

"Chinker's Edge was easy to apply and very effective."
Roger Kroyman

"Chinker's Edge is faster, because it tools easier and it cleans up easier."
Marc Venery, North Country Log Works, Inc.

Chinker's Edge is available in the colors professional chinkers ask for most.

You, the professional, are the expert. You know what customers are asking for most, and we listened. We asked professional chinkers which colors their customers ask for most, and then we made Chinker's Edge available in the five most commonly requested colors.

Light Gray

Mortar White

Khaki

Buff

Pecan
