Wood Finishes

CETOL® Door & Window

Cetol Door & Window is a high-quality, flexible wood finish for exterior doors and windows. The alkyd high solids formulation offers optimum protection and a distinctive look in three coats.

- Excellent substitute for varnishes and polyurethanes
- Creates a protective film that gives a furniture-like finish
- Allows natural characteristics and grain of the wood to show
- Translucent iron oxide pigments and UV absorbers prevent graying and weathering

Availability

Quart (0.946 L) and one gallon (3.78 L) pails available in:

- Natural
- Cedar
- Natural Oak
- Redwood
- Dark Oak
- Teak
- Butternut
- Mahogany
